If the status is Match Found or has a finding with additional information to view, you will see an

additional option to **Download Result**. This will allow you to view any details or documentation found as part of the match result.

## **Summary Reports**

Summary Reports provide a consolidated single report that contains a summary page with the result status for each of the requested checks under the single application. Following this header page is also the PDF result report for each of the checks.

The summary page will show a result summary table, with one of four possible outcome symbols:

🥏 No Adverse Finding	🔀 In Progress	Could not Confirm	Q Review Required
----------------------	---------------	-------------------	-------------------
